

Jacek Welc

Poland

<http://en.poland.gov.pl/>

My country lies exactly in the middle of Europe. Since 2004 we are one of the European Union members. The country has long and quite dramatic history. As a result, You can find thousands of historical places of interest here (Cracow, Warsaw, Wroclaw, Auschwitz). However, if You are more of a nature-lover, You'll find here the rugged mountains (Tatra), thousands of lakes (Mazury) and primary forests (Bialowieza).

My three most important experiences here can be summarized as follows:

- 1) Friendly people!
- 2) Very friendly people!
- 3) Even more friendly people!

I think it's the best place to experience the mix of the traditional Latin-Caribbean culture with the modern way of living.

I was invited here to serve as the visiting lecturer in the areas of accounting and business statistics.

I'm sharing with the students and with the faculty my academic and consulting experiences in terms of International Accounting Standards and practical tools of statistical analysis. I stay here since 18 Feb 2012 until 31 March 2012.

Rio Piedras, Faculty of Business Administration.
The supervisor is Dr P. R. Latortue.

I graduated in 2003 at Wroclaw University of Economics (Poland) where I also got my PhD (2008). I also possess London Chamber of Commerce and Industry (LCCI) Diploma in Managerial Principles as well as LCCI Level 4 Certificate in Financial Accounting IAS. Currently I am an Assistant Professor at Wroclaw University of Economics, but I also manage my own consulting agency, specialized in corporate valuations. I am member of the Supervisory Board of four public companies (listed on the Warsaw Stock Exchange) and I am the author of over sixty valuations of corporations, business projects and intangible assets.
